IN A GILDED COFFIN

REMAINS OF ALEXANDER III LYING
IN STATE AT LIVADIA.Removed from the Palace to the By-
santine Church, Where They Will
Rest Until To-Day.

LIVADIA, Nov. 7.—The massive, gilded coffin containing the remains of Czar Alexander III was removed to the Byzantine Church yesterday evening. There the body of the late Czar will lie in state until to-morrow. A guard of honor, with draped colors, is stationed in front of the church. At 6 o'clock in the evening the Cossacks who had been acting as the imperial body guard, attired in their long, blue tunics, with gold girdles, took up their positions along the cypress-lined route from the palace, all carrying lighted torches, making a weird scene. The bells began tolling, and soon afterwards the sound of children singing hymns was heard in the distance. Then through the darkness the glare of the torches carried by the guards marching on either side of the coffin could be perceived. A sharp word of command, "Present arms!" broke the solemn silence, and amid the muffled rolling of many drums, the procession entered the church, headed by sailors, carrying lanterns and banners, and followed by the choir children, dressed in white surplices. They were followed by the clergy, and then came the coffin, surrounded by the imperial crown and borne by Cossacks. Behind the coffin walked the Czar and the Czarina, who were deeply veiled, the Grand Dukes Sergius and Vladimir, the Queen of Greece and Princess Alix of Hesse-Darmstadt, the Princess of Wales and the Duchess of Cornwall-Gotha, the children belonging to the imperial and royal families and the high court and military officers. After the coffin was borne into the church and laid on the bier, there was placed at each corner an obelisk covered with red cloth and surmounted by palms. When the mourners were arranged around the bier the Bishop of Simferopol celebrated mass, and the choir sang a requiem for the dead. The Czar and the Czarina returned to the palace in carriages.

The New Czar Bidding for Support.
ST. PETERSBURG, Nov. 7.—The Czar is showing great activity in answering the many telegrams of condolence and expressions of loyalty which he received and the impression prevails that he is trying to demonstrate the fact that he counts on the devotion and loyalty of his subjects. He is extremely loyal. Replying to a message of sympathy and loyalty from the nobles of Moscow, he said: "I shall find strength to fulfill the arduous duty which has devolved upon me, and I shall do so with the aid of the service of my dear country."

Three Americans in Trouble.
WASHINGTON, Nov. 7.—Tam Trow, officially designated Charles T. Moore, was until recently an official of the Chinese legation here. Some time ago he went to Providence, R. I., where he secured the services of an expert in explosives named Cameron, employed at the Hotchkiss gun factory. Cameron was a member of the Nitrotherm during the Brazilian revolution. Moore also interested John Wilde, an inventor, and the three secretly worked under assumed names. They have been arrested and are being held in the city of New York. According to the report received by the Japanese minister here, the Japanese government has agreed to blow up the Japanese legation in New York by the use of torpedoes. All three are held as prisoners.

Algeria's Phosphate Beds.
WASHINGTON, Nov. 7.—Serious competition for our Southern phosphate beds is predicted by United States consuls at Algiers. The United States Department upon the phosphate deposits of Algeria. He describes the marvelous extent and richness of these beds, which are estimated to amount to 40,000,000 tons, and estimates the value of the phosphate from one field at \$5,000,000, delivered on ship board, at \$4.65 per ton.

Dr. PERCE'S
Golden Medical
EXPERIMENTCures Ninety-eight per cent. of all
cases of Consumption, in all its
Earlier Stages.

Although by many believed to be incurable, there is evidence of hundreds of living witnesses to the fact that in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent., are cured by Dr. Perce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced hospital physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses in curative power over this fatal malady. Testimonials from nine countries composing this congressional district give Dr. Hatch, of Kentland, Republican nominee for Congress, 3,600. Zimmerman but one county, Pulaski, a reduced majority of 150. Fulton county is Zimmerman's, and gave the State ticket two years ago 250, but Dr. Hatch carries it by 100. Reception to J. Frank Hanly.
Special to the Indianapolis Journal.

WILLIAMSPORT, Ind., Nov. 7.—Fully three hundred persons, composed of representatives from all sections of the county, gathered at the residence of J. Frank Hanly, tendered Congressman-elect Hanly an informal reception upon his arrival from Lafayette, at 12:30 o'clock to-day. The rain was pouring, but it made no difference to Mr. Hanly's friends. The band escorted Mr. Hanly, followed by the enthusiastic crowd to the courthouse, where he was introduced to fully five hundred people and made an excellent speech. He portrayed the attitude of the Republican party to the great labor element of the country and the high living principles of the party. He closed by paying a high tribute to President Harrison, pointing to his administration as the noblest and best, and named the great chief of Indiana as the party's national standard bearer in 1896. He then turned to the people of his home, irrespective of party, as he touchingly alluded to the way they had stood by him in the face of the infamous reports circulated against him. He spoke in choked utterance, and the tears stood unbidden down his cheeks as he endeavored to thank the people for their loyalty and friendship. The meeting closed with speeches from various local candidates.

Delaware a Banner County.

MUNCIE, Ind., Nov. 7.—As predicted and fought for by Delaware county Republicans this county takes the banner from Wayne county as the leading Republican county in this district.
